Grammar

Q: What's the difference between "take" and "get"?

A: Both are verbs of receiving, but the main difference is that "take" specifically means that you initiate the receiving.

Q: When can I use "and" at the beginning of a paragraph?

A: Only when you're speaking or writing a direct quotation. Otherwise, use a conjunctive adverb such as "also".

Manners and Culture

Q: Why do Americans ignore grammar rules when speaking?

A: Nearly everyone does, to some extent. This is how we create slang

and idiom and how language evolves over time. Language is not a static, unchanging thing. It lives because it's spoken by a nearly infinite variety of people with a nearly infinite variety of thoughts and ideas. Think about it. When you speak in your native language with your friends, does it sound like the exact same language that your grandparents or even your parents use when they speak to their friends?

Quote of the Week

Man invented language to satisfy his deep need to complain.
